MPEF-113505P	Chemical Special
MPEF-113531	Pleated Bag

Connection Kits

Included

The 650 machine is suitable for either single arm or dual arm.

The machine is high in mobility due to its castors and the multi position arm; meaning the machine can be moved from station to station as and when required.

The large hood area of 420mm x 320mm gives the operator ample space to work.
Optional Extra

Upgrade your 650 machine with an additional arm & hood!

Code:
MPEA-120199
ARM+Hood

With its high stability triple axis, the additional arm can be used for an extra workstation. This allows more technicians to work at any one time!

Interfacing

Your Machine — 10011010 ⟷ 10011010 — Extractor

Interfacing can remotely start the Purex machine when the connected machine starts.

Interfacing can also warn the connected machine when the Purex machine is in alarm.

Take a look through our Interfacing Guide to see our extensive range of options
